

REMARKS

In the noted Office Action, the Examiner: (a) restricted prosecution to Claims 5–8 and withdrew Claims 1-4; (b) required Applicant to confirm that prosecution be limited to Claims 5-8; (c) indicated that the title of the invention was not descriptive of the claimed invention (and suggested a suitable change therefore); (d) required formal drawings; (e) indicated Claims 5 – 8 were allowable, and advised that (f) the application was in condition for allowance and prosecution on the merits was closed, except for the noted formal matters.

By this Reply, the Specification was amended in a manner suggested by the Examiner. In particular, the title of the invention was changed to be more indicative of the invention to which the claims are directed.

The Examiner acknowledged that Claims 5-8 were directed to allowable subject matter. As the result of an earlier restriction requirement, the Examiner withdrew consideration of Claims 1-4.

In response to the restriction requirement, Claims 1–4 were cancelled herein and Applicant elects to prosecute the invention of original Claims 5–8. No claim was amended or added herein. Accordingly, only original Claims 5–8 remain in this application.

The Replacement Sheet herewith submits formal drawings, which replace the informal drawings originally filed with this Application.

Accordingly, upon entry of this Amendment, only originally filed Claims 5–8 remain. The Examiner noted that original Claims 5 – 8 are allowable. The Specification was amended in a manner suggested by the Examiner. The Replacement Sheet submitted herewith replaces the informal drawings and is

Application No. 09/512,434
Reply to ex parte Quayle Action of August 24, 2001

responsive to the Examiner's requirement that Applicant submit formal drawings.

Further, in view of the Examiner's restriction requirement, Applicant retains the right to present Claims 1 - 4, drawn to a reusable shrink wrap material, in a divisional application.

The changes requested herein place the Application in condition for allowance.

Applicant requests a Notice of Allowance.

Respectfully submitted,
